

# DANIEL HARRIES

FULL STACK DEVELOPER

## PROFILE

At my current role I am a full stack .Net C# developer with my main projects focussing on ASP Core 2.2. I am very much enjoying working with ASP.NET and C# and want to stick with OOP languages and architecture.

I would like to get my teeth stuck into more native or even hybrid mobile development as I'm currently learning my way around Android Studio.

## CONTACT

**ADDRESS** 3 Trent Court  
Lady Bay Road  
West Brigford  
Nottingham  
NG2 5BJ

**E-MAIL** dan.harries89@gmail.com

**PHONE** 07378 861966
